International Institute of Refrigeration (IIR)

Japan Society of Refrigerating and Air Conditioning Engineers (JSRAE)

Purpose of the 24th International Congress of Refrigeration

IIR International Congresses of Refrigeration, ICR, are milestone events. IIR congresses have been held once every 4 years since 1908. Each congress brings together large numbers of refrigeration stakeholders from all parts of the world. At each ICR, cryology, gas processing, thermodynamics, equipment and systems, biology and food technology, storage and transport, air conditioning, heat pumps, and energy recovery are all covered in depth, and important technical issues are discussed.

In 2015 (August 16 – 22), the 24th ICR will be held at Yokohama, Japan. The program, calls for papers, registration, technical tours, and a wide range of historic and exciting places will be announced on the ICR2015 website (www.icr2015.org).

Call for Papers

Participants wishing to make a presentation in the technical session are cordially invited to submit an abstract in English no later than October 10, 2014.

All abstracts are to be submitted electronically via the ICR2015 website (www.icr2015.org). The latest information and detailed instructions for paper submission will be available at the website.

Topics

Papers are solicited on the following and topics:

- A1 : Cryophysics, cryoengineering
- A2 : Liquefaction & separation of gases
- B1 : Thermodynamics & transfer processes
- B2 : Refrigerating equipment
- C1 : Cryobiology, cryomedicine
- C2 : Food science & engineering
- D1 : Refrigerated storage
- D2 : Refrigerated transport
- E1 : Air conditioning
- E2 : Heat pumps, energy recovery
- S : Sustainable and high performance buildings
